Carol Wehle
3301 GunClub Road
West Palm Beach, Fl 33406

Dear Carol,

The Rivers Coalition unanimously passed a motion that The Rivers Coalition reaffirms its full and complete support for the C-44 Reservoir and other pending regional restoration projects in the IRL Plan and urgently requests that their completion be accelerated. The Rivers Coalition notes that these desirable projects are separate from a continuing problem involving discharges of immense quantities of water from the Lake Okeechobee to the St. Lucie and Caloosahatchee estuaries.

Thank you.

Sincerely,

Leon Abood, Chairman
Rivers Coalition
