EARTH DAY MEETING

Our new initiative to raise awareness and funds for our lawsuit is our latest campaign to distribute our brochures to retail businesses, restaurants and marine interests that are willing to support us with a display.

We want to make this fun for everyone and arrange a team challenge distribution week that starts this Saturday to coincide with other Earth Day activities!

Meet us this Saturday, APRIL 22 between 8am and 10am at Flagler Park (under the new Roosevelt Bridge, past the Stuart Feed museum at the big round pavilion. We will have brochures and displays ready for you to pick up and go! Come alone or come with your own team!

If you have any questions, call Jamie Burns at 772-708-9228. See you there!

Rivers Coalition Legal Task Force

The Legal Task Force has been meeting regularly with our team of lawyers regarding the lawsuit. It is a formidable task and has consumed a great deal of time and attention by Rivers Coalition Members involved in that process.

Because the lawsuit must be our focus at this time, we have decided to postpone the usual end of month meeting for April. We'll let you know as soon as we can schedule the next meeting.

Pass This On To Other Concerned Citizens !

To be added to the Friends of the Rivers Coalition E-news (FORCE) reply to jrburns@bellsouth.net with "RC ADD ME" in the subject line. Visit us at www.RiversCoalition.org

Thank You for your Support!
