Force Newsletter August 4, 2006

Meeting Of Interest - Monday, August 7th !
In an effort to show our FORCE members solidarity for the Rivers Coalition and make ourselves a **positivepresence** at public meetings presented by the SFWM (South Florida Water Management) or WRAC (Water Resource Advisory Commission), etc., we will start announcing them in our Newsletter! We encourage your attendance as a FORCE for change to Save Our River!

If you have never attended a public meeting as a group representative before, a little hint; It's very helpful to wear something that identifies your position, a Dirty River Dance Rally shirt, one of our wrist bands or buttons. Let them know we are there! Let them know we care!

The South Florida Water Management will be holding a Public Meeting at IRCC Chastain Campus, 2400 SE Salerno Road, Stuart, FL. It's part of the Accelera8 program, specifically concerning the C-44 (St. Lucie) Canal Reservoir/Stormwater Treatment preliminary design. SEE ATTACHMENT
